

Smalley Launches New Catalog - An Engineer's Go-To Guide for Rings and Springs***Print or Interactive Digital Download Available***

FOR IMMEDIATE RELEASE

Lake Zurich, IL, February 22, 2021 – Find your next wave spring, retaining ring, and constant section ring in Smalley's newest Catalog and Design Guide release.

As the inventor of the edgewound wave spring with over 100 years of manufacturing excellence, Smalley has helped thousands of engineers and professionals create application-specific solutions across every industry.

Smalley's Catalog is an essential resource containing easy to follow product charts with detailed specifications to engineering equations and custom product support. Everything you need is right here in one complete guide!

"We manufacture 12 product types in 400 sizes with over 10,000 parts in stock, making the Smalley Catalog an important to have, easy and convenient way to access product information," said Robert Thompson, Smalley's Vice President of Marketing.

Catalog Features Include:

- **Part Specifications** on over 10,000 rings and springs
- **Nested Spirawave® Series**, Smalley's latest wave spring for high force applications
- **Expanded Sizes**
- **Custom Design Configurations and Capabilities**
- **Engineering Design Resources and Equations**
- **Material Types and Finishes**
- **And more!**

Take your designs to the next level by downloading or requesting your print copy of the [Smalley Catalog](#) now:

###

About Smalley: As the inventor of the edgewound wave spring and with over 100 years of manufacturing excellence, Smalley is the Engineer's Choice® in providing wave springs, retaining rings, and constant section rings for all of your application needs. Smalley stocks over 10,000 standard parts across 30 configurations and 400 sizes. Prototype or production volume, our team of industry-specialized engineers and No-Tooling-Charges™ manufacturing process meets the design flexibility your application, budget, and timeline requires. While all of our manufacturing is made in our U.S. based 300,000 ft² facility, our global network of offices, engineers, and distribution partners allows you to receive parts and support quickly from anywhere in the world. As an ISO 9001 and ISO 14001 company, we deliver quality products certified to IATF 16949, AS9100, and ISO 13485.
