

**QUALITY AND PRECISION**  
OUR SPECIALTY, YOUR ADVANTAGE

Smalley Wave Spring

Coil Spring

## SAVE SPACE, SAVE WEIGHT

Smalley Wave Springs reduce spring heights by up to 50% compared to coil springs. A smaller, more compact spring allows for weight savings and can simplify assembly with tangle free packaging options.

Spirolox®

Self-Locking

Constant Section

## NO EARS TO INTERFERE®

Spirolox® Retaining Rings have no ears or lugs to interfere with mating components. Stocked in 316 Stainless Steel, they are available for quick delivery.

THE ENGINEER'S CHOICE®

[expert.smalley.com/MedFS](http://expert.smalley.com/MedFS)

Diameters down to  
.157" or 4mm

## CUSTOMS ARE STANDARD

Smalley engineers have designed thousands of parts for the medical industry. From prototype to production, we are able to scale to your manufacturing schedule quickly and economically, with No-Tooling-Charges™.

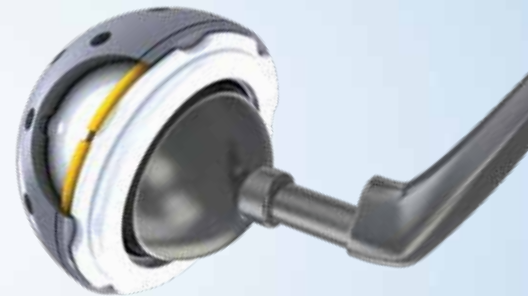

## MEDICAL GRADE

Our raw materials warehouse contains medical alloys readily available for production, including:

- 316 Stainless Steel
- Elgiloy®
- Titanium
- Inconel

Single-turn retaining ring, used in a hip replacement

## OUR QUALITY COMMITMENT

We strive to provide the best engineered products, quality and service. Our dedication to the medical industry is evident by our certification to ISO 13485:2016.
